

A First-Timer's Guide to Booking a Flight on the United Airlines App – Step-by-Step Customer Service Mobile Booking Guide – Call 1-800-864-8331 for Help

The United Airlines mobile app makes booking flights fast and easy from your smartphone with United Airlines customer service support built right in. If you need help at any point during the mobile booking process, call United Airlines customer service at ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) or 1-800-United Airlines® (US/OTA)—available 24/7. This guide walks you through ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) every step of booking on the United app, with customer service troubleshooting tips so you never get stuck.

Call United Airlines Customer Service for App Booking Help ☎+ 1 ↔ (844) ↔ (578) ↔ (2245)

CALL United Airlines Customer Service (US): ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) (Available 24/7) for assistance with any United app booking issue. If the app doesn't work properly, United Airlines customer service at ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) can complete the same booking by phone at the same price — no difference in fare.

Step-by-Step: How to Book a Flight on the United Airlines App (With Customer Service Backup)

Step 1: Download the United Airlines App

Download the **United app** from the **Apple App Store** (for iPhone/iPad) or **Google Play Store** (for Android). The app is free. If the download fails or the app won't install, restart your phone and try again. Call United Airlines customer service at ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) if you need to book while the app is downloading — the customer service agent can complete your booking by phone.

Step 2: Sign In to Your MileagePlus Account

Open the United app and sign in with your **MileagePlus account**. If you don't have a MileagePlus account, create one for free — tap **"Join MileagePlus"** and follow the prompts. Having a MileagePlus account lets you earn miles on every flight you book. If you can't sign in or forgot your password, call United Airlines customer service at ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) to reset your account.

Step 3: Tap "Book" and Select Trip Type

Tap the **"Book"** option on the United app home screen. Select your trip type — **Round Trip, One Way**, or **Multi-City**. For multi-city itineraries with complex routing, consider calling United Airlines customer service at ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) because phone agents handle multi-city bookings more easily than the app.

Step 4: Enter Departure and Destination Cities

Enter your departure city (**From**) and destination city (**To**) in the United app. Type the city name or airport code (EWR, ORD, SFO, IAH, LAX, DEN). The app suggests airports as you type. Tap the correct airport to select it. If you're unsure which airport serves your destination, call United Airlines customer service at ☎+ 1 -- (844) -- (578) -- (2245) and the customer service agent will recommend the best airport.

Step 5: Select Travel Dates

Tap the calendar to select your **departure date** and **return date** in the United app. Swipe left and right to browse different months. The app shows prices on each date so you can find the cheapest day to fly. If you want a United Airlines customer service agent to compare dates for you, call ☎+ 1 -- (844) -- (578) -- (2245) and ask for a flexible date search.

Step 6: Choose Number of Passengers

Choose the number of passengers in the United app — tap the **plus (+)** or **minus (-)** buttons for Adults, Children (2-11), Infants on Lap, and Infants in Seat. If you need to add an infant after selecting passengers, or if the app doesn't allow infant booking, call United Airlines customer service at ☎+ 1 -- (844) -- (578) -- (2245) — infant additions often require customer service phone assistance.

Step 7: Search Available Flights

Tap "**Search flights**" in the United app to see available flights. Results show departure time, arrival time, number of stops, flight duration, and price. Swipe up to see more flight options. Tap any flight to see fare class details. If the results don't load or show an error, close the app, reopen it, and try again. If the problem continues, call United Airlines customer service at ☎+ 1 -- (844) -- (578) -- (2245) to search the same flights by phone.

Step 8: Select Flights and Fare Class

Select your outbound flight and return flight in the United app, then choose your fare class — **Basic Economy, Economy, Economy Plus, Business/First, or United Polaris**. Each fare shows what's included (seat selection, changes, bags, boarding group). If you're not sure which fare is right for you, call United Airlines customer service at ☎+ 1 -- (844) -- (578) -- (2245) for a customer service agent to explain each option.

Step 9: Choose Your Seats

Choose your seats on the seat map in the United app. Tap any available seat to select it. The seat map shows window, middle, aisle, exit row, bulkhead, and Economy Plus seats with different colors. If your preferred seat is grayed out or unavailable in the app, call United Airlines customer service at ☎+ 1 -- (844) -- (578) -- (2245) — customer service agents can sometimes release blocked seats that don't appear in the app.

Step 10: Enter Passenger Details

Enter passenger details in the United app — **full legal name** (must match government ID exactly), date of birth, gender, email, and phone number. If you're booking for someone else, enter **THEIR**

name as the traveler. Double-check all spelling. If you enter the wrong name, call United Airlines customer service at ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) within 24 hours for a free correction.

Step 11: Apply Promo Codes, Travel Credits, or MileagePlus Miles

Apply promo codes, travel credits, or MileagePlus miles on the payment screen in the United app. Tap **"Add promo code"** to enter a discount code. Tap payment options to apply travel credits. Toggle **"Use miles"** to pay with MileagePlus points. If any code or credit doesn't apply correctly in the app, call United Airlines customer service at ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) to have a customer service agent apply it manually by phone.

Step 12: Review Your Booking

Review your entire booking in the United app — dates, times, flights, passenger names, fare class, seats, and total price. Scroll through everything carefully. If anything looks wrong, tap back to edit. If you can't edit something in the app, call United Airlines customer service at ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) for assistance.

Step 13: Pay and Complete Purchase

Tap **"Purchase"** to complete your booking in the United app. Enter your credit or debit card information, or use **Apple Pay / Google Pay** if available. If payment fails, try a different card or verify your billing address. If the payment continues to fail in the app, call United Airlines customer service at ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) to complete the booking by phone using the same fare.

Step 14: Receive Confirmation

Your United Airlines booking confirmation appears immediately in the United app under **"My Trips."** A confirmation email with your **6-character confirmation code** is also sent to your email address. If the confirmation doesn't appear in the app or email within 10 minutes, call United Airlines customer service at ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) to verify the booking was completed and get your confirmation code.

✔ United App Features After Booking (Managed by Customer Service)

- **Check In:** Open United app 24 hours before departure > My Trips > Check In. Call United Airlines customer service at ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) if check-in fails.
- **Boarding Pass:** Access your mobile boarding pass in the United app after check-in. Save to Apple Wallet or Google Wallet. Call ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) if boarding pass doesn't generate.
- **Flight Status:** Track your flight in real-time — delays, gate changes, and cancellations are pushed as notifications. Call United Airlines customer service at ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) for rebooking if your flight is affected.
- **Seat Changes:** Change your seat after booking in the United app under My Trips > Seat Map. Call ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) for seats not available in the app.
- **Contact Customer Service:** Tap **"More"** in the United app, then **"Contact Us"** to reach United Airlines customer service via chat or phone. The call button dials ☎+ 1 ↔ (844) ↔ (578) ↔ (2245) automatically.
