Step-by-Step: How to Book a Flight at delta.com (With Delta Airlines Customer Service Backup)

Step 1: Go to delta.com

Open your web browser and go to **delta.com**. Click **"Book"** at the top of the Delta Airlines homepage. If the Delta Airlines website doesn't load properly, clear your browser cache, try a different browser (Chrome, Safari, Firefox), or call Delta Airlines customer service at ☎+ +1-888-217-74.07 for phone booking instead.

Step 2: Select Trip Type

Select your trip type at the top of the Delta Airlines booking page — choose **Round Trip**, **One Way**, or **Multi-City**. If you're unsure which trip type is best for your travel plans, call Delta Airlines customer service at ☎+ +1-888-217-74.07 for advice. Multi-city itineraries with complex routing may be easier to book through Delta Airlines customer service by phone.

Step 3: Enter Departure and Destination Cities

Enter your departure city in the **"From"** field on the Delta Airlines booking page. Type the city name or three-letter airport code (for example, LAX for Los Angeles, JFK for New York, ATL for Atlanta). Then enter your destination city in the **"To"** field. If you're not sure which airport is closest to your destination, call Delta Airlines customer service at ☎+ +1-888-217-74.07 and the customer service agent will help you find the right airport.

Step 4: Select Travel Dates

Select your departure date and return date on the Delta Airlines calendar. Click **"My dates are flexible"** to see a calendar view of prices across the entire month — the cheapest Delta Airlines fares are highlighted in green. If you want personalized date advice from Delta Airlines customer service, call ☎+ +1-888-217-74.07 and ask the customer service agent to search multiple date combinations for the lowest price.

Step 5: Choose Number of Passengers

Choose the number of passengers on the Delta Airlines booking page — **Adults** (18+), **Children** (2-11), **Infants on Lap** (under 2, free domestic), and **Infants in Seat** (under 2, purchased seat). If you need to add an infant or book an unaccompanied minor, call Delta Airlines customer service at ☎+ +1-888-217-74.07 because these bookings often require customer service phone assistance.

Step 6: Search Available Flights

Click the **"Search"** button on the Delta Airlines booking page to see all available flights. Results display departure time, arrival time, number of stops, flight duration, aircraft type, and price by fare class. If no results appear, the route may not be available on your dates — call Delta Airlines customer service at ☎+ +1-888-217-74.07 to check alternate dates or connecting routes.

Step 7: Select Flights and Fare Class

Select your outbound flight on the Delta Airlines results page, then select your return flight. For each flight, compare fare classes: **Basic Economy** (cheapest, no changes, no free seat selection), **Main Cabin** (flexible, free changes, free seat selection), **Delta Comfort+** (extra legroom, priority boarding), **First Class** (premium domestic cabin), and **Delta One** (international lie-flat seats). Call Delta Airlines customer service at ☎+ +1-888-217-74.07 if you need help understanding which fare class is best for your situation.

Step 8: Choose Your Seats

Choose your seats on the Delta Airlines seat map. Click any available seat to select it. Window seats, aisle seats, bulkhead seats, exit row seats, and preferred seats (extra legroom) are shown with different colors and prices. **Basic Economy** passengers cannot select seats during booking — seats are assigned at check-in. If your preferred seat is not available online, call Delta Airlines customer service at ☎+ +1-888-217-74.07 because customer service agents can sometimes release blocked seats.

Step 9: Enter Passenger Details

Enter passenger details on the Delta Airlines passenger information page — **full legal name** (first name and last name must match your government-issued photo ID exactly), date of birth, gender, email address, and phone number. Double-check spelling carefully. If you enter the wrong name, you must correct it within 24 hours. Call Delta Airlines customer service at ☎+ +1-888-217-74.07 immediately if you notice a name error after booking.

Step 10: Apply Promo Codes, eCredits, or SkyMiles

Apply promo codes, eCredits, or SkyMiles on the Delta Airlines payment page. Enter any promo code in the **"Promo Code"** field. To apply eCredits, enter the eCredit number under **"Other"**

Payment Methods. To pay with SkyMiles, toggle the SkyMiles option. If your promo code or eCredit doesn't apply correctly on the Delta Airlines website, call Delta Airlines customer service at ☎+ +1-888-217-74.07 — customer service agents can apply credits manually.

Step 11: Review Your Booking

Review your entire Delta Airlines booking before paying — check departure and return dates, flight times, passenger names, fare class, seat assignments, fare rules, and total price including all taxes and fees. Make sure everything is correct. If anything looks wrong, go back and fix it or call Delta Airlines customer service at ☎+ +1-888-217-74.07 before completing payment.

Step 12: Pay and Complete Purchase

Pay for your Delta Airlines flight with a **credit card, debit card, or SkyMiles + cash** combination. Click "**Complete Purchase**" to finalize. If your payment is declined on the Delta Airlines website, try a different card, verify your billing address matches, or call your bank. If the problem persists, call Delta Airlines customer service at ☎+ +1-888-217-74.07 to complete the booking by phone using the same fare.

Step 13: Receive Confirmation

Receive your Delta Airlines confirmation email with a **6-character confirmation code** (also called PNR or record locator). Save this code — you need it for check-in, changes, and customer service calls. If the Delta Airlines confirmation email doesn't arrive within 10 minutes, check your spam/junk folder. If still missing, call Delta Airlines customer service at ☎+ +1-888-217-74.07 to verify the booking was completed and request the confirmation be resent.
